Instructions for Form EDC, Application for Qualified Equity and Subordinated Debt Investment Tax Credit

Under *Va. Code* § 58.1-339.4 (E), the Qualified Equity and Subordinated Debt Investments Tax Credit is capped at \$5 million annually. Of the amount of available credit, one-half of this amount must be allocated to commercialization investments and the other half is available for all other qualifying investments. If credit applications for either half exceed the allowed amount, the credits for that half will be prorated. If credit applications for either half are less than the allowed amount, the balance will be available for allocation to the other type of credits.

Investments do not qualify for the credit if the same investment was used to claim the Venture Capital Investment subtraction.

See Form QBA for the list of criteria a business must satisfy in order to become a qualified business.
