- Free File - A free federal and state income tax preparation and electronic filing program available to taxpayers based on income and other eligibility requirements.

## Look Up Your Form 1099-G/1099-INT Information Online

Form 1099-G/1099-INT may be downloaded securely and printed from www.tax.virginia.gov.

## Check Your Refund Status

e-File combined with Direct Deposit is the fastest way to receive your refund. To check your status, visit www.tax.virginia.gov or call (804) 367-2486. See below for approximate refund turnaround time frames. To reduce the risk of refund fraud, the Virginia Department of Taxation uses various processes to validate tax refunds prior to issuance. These processes could delay the receipt of your refund.

- If you e-File and request a Direct Bank Deposit, your refund will be issued in about 2 weeks. It will take about 3 weeks if a Direct Bank Deposit is not requested.
- If you file a paper tax return and request a Direct Bank Deposit, your refund will be issued in approximately 8 weeks. It will take about 9 weeks if a Direct Bank Deposit is not requested.
- If you mail your tax return using Certified Mail, it could take an additional 1 to 3 weeks before the Department receives it from the Post Office.

## Make Online Payments

- Make an Estimated Tax Payment, a Filing Extension Payment, a Return Payment or pay a Tax Bill online using Bank Debit or EFT Debit. Visit www.tax.virginia.gov.
- Pay by credit or debit card at www.officialpayments.com or call 800-2PAY-TAX.

Virginia's Fixed Date Conformity with the Internal Revenue Code: Virginia's date of conformity with the Internal Revenue Code (IRC) was advanced from January 2, 2013 to December 31, 2014, with limited exceptions. Virginia will continue to disallow any bonus depreciation allowed for certain assets under IRC §§ $168(\mathrm{k}), 168(\mathrm{l}), 168(\mathrm{~m}), 1400 \mathrm{~L}$ and 1400 N ; the fiveyear carryback of federal net operating loss deductions generated in Taxable Year 2008 or 2009; and federal income tax deductions for applicable high yield discount obligations under IRC § 163(e)(5)(F). At the time these instructions went to print, the only required adjustments for "fixed date conformity" were those mentioned above. However, if federal legislation is enacted that results in changes to the IRC for the 2015 taxable year, taxpayers will be required to make adjustments to their Virginia returns that are not described in the instruction booklet. Information about any such adjustments will be posted on the Department's website at www.tax.virginia.gov.
Refund Options: Effective January 1, 2016, the refund debit card option is no longer available. Individual refunds will be issued only by check or direct deposit to taxpayers' checking or savings accounts. Direct deposit is the fastest way to get your refund. To have your refund deposited directly into your bank account, fill in the banking information on your return. Otherwise, your refund will be issued as a check.
Refund debit cards issued over the past three years with an outstanding balance are still valid and may continue to be used.
Subtraction for Discharge of Student Loans: Effective for taxable years beginning on and after January 1, 2015, an individual income tax subtraction is allowed for any income attributable to the discharge of a student loan solely by reason of the student's death. This subtraction is not applicable to the discharge of private loans, nor would it apply to the discharge of loans that are already excluded from federal income taxation.
Subtraction for Long-Term Capital Gain: The sunset date for making investments in certain high technology businesses that qualify for this subtraction is extended from June 30, 2015 to June 30, 2020.
Subtraction for the Gain on the Sale of Land for Open-Space Use: This subtraction is not available for taxable years beginning on or after January 1, 2015.
Disaster Relief Assistance by Out-of-State Businesses and Individuals: Legislation passed by the 2015 General Assembly provides a tax exemption for out-of-state businesses and employees providing disaster relief assistance in Virginia. The exemption provisions apply to state and local taxes and fees as
well as to the associated registration and licensing requirements. The provisions do not apply to any transaction taxes and fees, including but not limited to, motor fuels taxes, sales and use taxes, transient occupancy taxes, and car rental taxes and fees based on purchases, leases, or consumption in Virginia. For details, visit www.tax.virginia.gov.
Neighborhood Assistance Act Tax Credit: Physician specialists who donate specialty medical services to patients who are referred from certain approved neighborhood organizations whose sole purpose is to provide specialty medical referral services to patients of participating clinics are now eligible for this credit regardless of where the physician specialist performs the specialty medical services.
Recyclable Materials Processing Equipment Tax Credit: Changes include (i) extending the expiration date of the credit to January 1, 2020; (ii) increasing the credit allowed from 10 to 20 percent of the purchase price of qualifying machinery and equipment; and (iii) establishing a $\$ 2$ million annual credit cap.
Land Preservation Tax Credit: Several changes were made to the credit. The maximum amount of tax credits that may be issued in each calendar year was reduced from $\$ 100$ million to $\$ 75$ million beginning in 2015. The maximum Land Preservation Tax Credit that each taxpayer may claim is reduced from $\$ 100,000$ in taxable year 2014 to $\$ 20,000$ in taxable years 2015 and 2016, and to $\$ 50,000$ for each taxable year thereafter. However, for any qualifying fee simple donation of land conveyed to the Commonwealth on or after January 1, 2015, the amount of credit claimed by each taxpayer would be limited to $\$ 100,000$. The Department of Taxation is prohibited from issuing any tax credit for a donation from any allocation or pool of tax credits attributable to a calendar year prior to the year in which the complete tax credit application for the donation was filed. In addition, for land or an interest in land conveyed on or after July 1, 2015, no credit will be allowed unless a completed credit application with regard to such conveyance has been filed with the Department of Taxation by December 31 of the year following the calendar year of the conveyance.
Green Job Creation Tax Credit: The sunset date for this credit was extended to January 1, 2018.
Major Business Facility Job Tax Credit: The requirement that a qualified major business facility spread the credit allowed per qualified full-time employee over two taxable years instead of over three taxable years was made permanent. Previously, this requirement applied only to taxable years beginning January 1, 2009, through December 31, 2014.

Extension for Filing Income Tax Returns: All taxpayers are granted an automatic 6-month extension of time to file their income tax returns. No application for extension is required; however, any tentative tax due must be paid with an extension voucher, Form 760IP, by the original due date for filing the return.

Consumer's Use Tax: Did you purchase merchandise by Internet, telephone, or mail, or did you purchase any merchandise outside Virginia and pay no sales tax? If so, you may be required to pay Consumer's Use Tax. Be sure to report the applicable tax on Form 760, Line 35. See the instructions for Form 760, Line 35 or visit www.tax.virginia.gov for more information.

Litter Tax: Every manufacturer, wholesaler, distributor or retailer of the following products is subject to the Litter Tax.

- Food for Human or Pet Consumption
- Groceries
- Cigarettes and Tobacco
- Soft Drinks and Carbonated Waters
- Distilled Spirits, Wine, Beer and Other Malt Beverages
- Newspaper or Magazines
- Paper Products and Household Paper
- Glass and Metal Containers
- Plastic or Fiber Containers made of Synthetic Material
- Cleaning Agents and Toiletries
- Nondrug Drugstore Sundries
- Motor Vehicle Parts

Businesses become subject to the tax on the first January 1 they are in business. The Litter Tax return, Form 200, and payment of the tax are due on May 1 of each year, for the preceding calendar year.

Civil and Criminal Penalties: The civil penalty for filing a false or fraudulent return or for failing or refusing to file any return with intent to evade the tax, is an additional penalty of $100 \%$ of the correct tax.
Any individual who willfully fails or refuses to file a return, at the time or times required by law, shall be guilty of a Class 1 misdemeanor. In addition, an individual who makes any false statements on a return, with intent to defraud the Commonwealth, shall be guilty of a Class 6 felony.

Debt Collection: Before issuing any refunds, Virginia law requires the Department to check for any outstanding debt with agencies of the Commonwealth of Virginia, Virginia local governments and the Virginia court
system. If any such debt is found, regardless of the type of tax return filed, all or part of your refund may be withheld to help satisfy the debt and the processing of your return will be delayed.
In addition, the Department is authorized to submit eligible state income and business tax debts to the U.S. Department of Treasury Offset Program (TOP). Once a debt is submitted, the U.S. Department of Treasury will withhold or reduce your eligible federal tax refund or federal vendor payment by the amount of your debt. The Internal Revenue Code authorizes this process, known as "offset."

Offset of federal refunds is only one source of funds that the Department of Taxation may use to satisfy an outstanding tax bill. Your state income tax refund and payments from other state agencies may be withheld to satisfy an outstanding tax bill as well.
Because of timing differences in obtaining funds from various sources, it is possible for us to receive funds from more than one source to satisfy the same debt. If this happens, the overpaid amount will be released upon receipt of the funds. You do not need to contact the Department to request your refund.

Direct Deposit: Due to electronic banking rules, the Department will not allow direct deposits to or through foreign financial institutions. Attempting to use direct deposit to transfer funds electronically to a financial institution outside the territorial jurisdiction of the United States will significantly delay your refund. Visit www.tax.virginia.gov for details.

Tax-Related Identity Theft: Tax-related identity theft occurs when someone uses your Social Security Number to file a tax return claiming a fraudulent refund. Often, an identity thief will use your Social Security Number to file a return early in the year. You may not be aware that you are a victim until you file your return and learn one already has been filed. We apply stringent scrutiny to all tax returns in an attempt to detect fraudulent tax refunds. If you receive a letter from us asking for additional information to verify that you are the actual taxpayer filing a return, please respond immediately. ## Do You Need to File a Virginia Income Tax Return?

Every Virginia resident whose Virginia adjusted gross income is at or above the minimum threshold must file.

Complete Form 760, Lines 1 through 9, to determine your Virginia adjusted gross income (VAGI). If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is $\$ 0.00$ and you are entitled to a refund of any withholding or
estimated tax paid. You must file a return to receive a refund. To claim a refund in these cases, complete Lines 10 through 16 and enter "0" as your tax on Lines 17 and 19. Then complete Lines 20 through 38. You must file if you are:

Single and your VAGI is $\$ 11,950$ or more
Married filing jointly and combined VAGI is $\$ 23,900$ or more

Married filing separately and your VAGI is \$11,950 or more

## When to File Your Return

Filing by mail or commercial delivery service - If you are mailing several documents, please consider using a flat envelope to ensure proper handling and faster processing. When filing by mail, the envelope must be postmarked by the due date. Put the correct postage on your envelope. If your return is sent back to you because of insufficient postage, you are liable for penalties and interest if the postmark on the remailed return is after the due date. Tax returns or payment of taxes remitted by a commercial delivery service will be considered timely filed if they are received in an envelope or sealed container bearing a confirmation of shipment on or before midnight of the day the return or payment is due.
Calendar year filer - If your taxable year is January 1, 2015 - December 31, 2015, your individual income tax return must be postmarked no later than May 2, 2016, to avoid penalties and interest.

Fiscal year filer - If your taxable year is any consecutive 12-month period other than January - December, your individual income tax return must be postmarked by the 15th day of the 4th month following the end of your fiscal year. When filing, you should write "Fiscal Year Filer" across the top of Page 1 of Form 760 and enclose a statement indicating the beginning and ending months of your fiscal year.
Outside U.S. - If you are living or traveling outside the United States or Puerto Rico (including persons in the military or naval service on duty outside the United States and Puerto Rico), you must file your return by July 1, 2016. Fill in the overseas on due date oval on Page 1 of Form 760.

Weekends and holidays - If the due date falls on a Saturday, Sunday or legal holiday, your return must be postmarked by the next business day.

Extension provisions - Virginia law provides an automatic 6-month filing extension for income tax returns. No application for extension is required. The extension is for filing the return, not for payment of the
tax; therefore, you must pay at least $90 \%$ of your tax by the due date, May 1 for calendar year filers, to avoid penalty. To make a payment of tentative tax, use Form 760IP.
Foreign income exclusion - If you qualify for the federal foreign income exclusion and have requested an extension of time for filing your federal return, you may apply for an extension of time to file your state return. You will be granted an extension for 30 days after the date you expect to qualify for the federal exclusion. You must apply for an extension of time to file your state return by letter on or before the 1 st day of the 7 th month following the close of your taxable year and enclose a copy of the approved federal extension with your return when you file.
Members of the military - Members of the Armed Forces serving in a combat zone receive either the same individual income tax filing and payment extensions as those granted to them by the IRS, plus an additional 15 days, or a 1-year extension, whichever date is later. All extensions also apply to spouses of military personnel. Service families may wish, however, to file their individual income tax returns before the extended deadlines to receive refunds. Service members claiming this extension should write "Combat Zone" across the top of their tax returns and on the envelopes used to mail their returns. Such combat zone personnel should similarly write "Combat Zone" across the top of correspondence, and on the envelope used to mail the correspondence, when responding to notices issued by the Department. See Tax Bulletin 05-5, available in the Laws, Rules, and Decisions Section of the Department's website at www.tax.virginia.gov for more information.
In addition, every member of the armed services deployed outside of the United States is allowed an extension of his or her due date. The extension will expire 90 days following the completion of deployment. Service members who claim this extension should write "Overseas Noncombat" on the top of their tax returns.
Additional information for spouses of military personnel is provided in the Residency Status and Choosing the Right Form to File section later in this booklet.

## Where to File

Use e-File to electronically file your federal and state tax returns at the same time. Software programs that provide e-File capability are available online and for purchase in stores. All e-File software will automatically check for completeness, correct errors, generate the applicable schedules and provide the option to transmit the return to the IRS and/or the Department's electronic processing systems. Some vendors will
allow taxpayers to file their returns electronically for free based on certain qualifiers.
To file by mail, use the list of mailing addresses beginning on Page 47 and look up the city or county where you live, or file directly with the Department. Local phone numbers are also provided.
For more information about filing by e-File and filing by mail, go to www.tax.virginia.gov.

## Amended Returns

If your federal return is amended, resulting in changes to your taxable income or any amount affecting the Virginia return, you must file an amended Virginia return within one year. If the IRS provided documentation that acknowledges acceptance of your federal amended return, enclose a copy with the Virginia amended return. In addition, if you file an amended return with any other state that affects your Virginia income tax, you must file an amended Virginia return within one year. The Department may issue a refund only if the amended return is filed within:

- 3 years from the due date of the original return, including valid filing extensions;
- 1 year from the final determination of the amended federal return or federal change, whichever is later, provided that the allowable refund is not more than the decrease in Virginia tax attributable to the federal change or correction;
- 1 year from the final determination of the amended return of any other state or change or correction in the income tax of the taxpayer for any other state, provided that the refund does not exceed the amount of the decrease in Virginia tax attributable to such change or correction;
- 2 years from the filing of an amended Virginia return resulting in the payment of additional tax, provided that the current amended return raises issues relating solely to the prior amended return and that the refund does not exceed the amount of the tax payment made as a result of the prior amended return; or
- 2 years from the payment of an assessment, provided the amended return raises issues relating only to the prior assessment and the refund does not exceed the amount of tax paid on the prior assessment.
Complete a new return using the corrected figures, as if it were the original return. Do not make any adjustments to the amended return to show that you received a refund or paid a balance due as the result of the original return. Use the worksheet for
amended returns below to determine if you are due a refund or if any additional tax due should be paid with your amended return. If your amended return results in additional tax due, interest must be paid on the tax you owe from the due date of your original return to the date that the amended return is filed or postmarked.

Fill in the oval on the front of Form 760, indicating that this is an amended return. Also, fill in the additional oval on the front of the return if the amended return is the result of a net operating loss (NOL) carryback. General instructions for computing the NOL can be obtained from the Laws, Rules and Decisions Section of the Department's website at www.Ird.tax.virginia. gov. Select the Virginia Tax Administrative Code link, then 23VAC10-110-80 and 23VAC10-110-81 located in Chapter 110, Individual Income Tax. Enclose a complete copy of your amended federal return, if applicable.
Worksheet for Amended Returns-Ifyou are filing an amended return, use the worksheet below to determine if you will receive an additional refund or if you need to make an additional payment.

1. Amount paid with original return, plus additional tax paid after it was filed...... 1
2. Add Line 1 above and Line 28 from Form 760 and enter the total here .. 2 $\qquad$
3. Overpayment, if any, as shown on original return or as previously adjusted 3
4. Subtract Line 3 from Line 2. .4
$\qquad$
$\qquad$
5. If Line 4 above is less than Line 19, Form 760, subtract Line 4 above from Line 19, Form 760. This is the Tax You Owe. 5
6. Refund. If Line 19, Form 760 is less than Line 4 above, subtract Line 19, Form 760 from Line 4 above. This is the Tax You Overpaid .6

## Residency Status and Choosing the Right Form to File

- There are two types of Virginia residents: domiciliary and actual.
- A domiciliary resident of another state may also be an actual resident of Virginia.
- Virginia residency may be either full-year or partyear.
- A nonresident of Virginia may be required to file a Virginia return.
- To determine which Virginia return you should file, first determine if you were a resident of Virginia at any time during the taxable year.

## Step 1: Determine your residency status <br> Domiciliary Resident

You are a domiciliary (legal) resident if your permanent home is in Virginia. Your permanent home is where, whenever you are absent, you intend to return. Every person has one and only one domiciliary residence at a time. Most domiciliary residents actually live in Virginia; however, actual presence in Virginia is not required. If you have established legal domicile in Virginia, you are a domiciliary resident until you establish legal domicile in another state.

- Members of the armed forces who claim Virginia as their home of record are domiciliary residents, even if stationed outside of Virginia.
- A domiciliary resident who accepts employment outside of Virginia, but who does not abandon Virginia as his or her domiciliary residence, even if outside of Virginia for many years, remains a domiciliary resident of Virginia. This includes domiciliary residents who accept employment outside of the United States.

## Actual Resident

You are an actual resident if:
You maintained an abode in Virginia or were physically present in Virginia for more than 183 total days during the taxable year, even if you are a domiciliary resident of another state or country.
If you are an actual resident of Virginia, you may be required to file as a resident in Virginia and in your domiciliary state. In this situation, you should claim a credit on the return filed in the state of your legal domicile for taxes paid to Virginia.
Students: The rules for determining the residency status of a student are the same as for anyone else.
Military Personnel and Members of the U.S. Congress: If you are a member of the armed forces or of the U.S. Congress who is a domiciliary (legal) resident of another state, you are not subject to taxation as an actual resident of Virginia even if you maintained an abode in Virginia for more than 183 days. However, if you have income from Virginia sources other than your active duty or congressional pay, you may be required to file a Form 763, Nonresident Income Tax Return.

Spouses, Dependents and Congressional Staff Members: The exemption for members of the armed forces and the U.S. Congress does not apply to spouses (see below), dependents or congressional staff members. If you are a spouse or dependent of a member of the armed forces or of the U.S. Congress or you are employed by a member of the U.S. Congress, you must determine your own residency status and filing obligations, even if you filed a joint federal return.
Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.
Step 2: Determine which income tax return you should file

## Virginia Residents

## File Form 760, Resident Return, if:

- You were an actual or domiciliary resident for the entire year; or
- You were an actual or domiciliary resident for a portion of the year, but all of your income for the entire year was from Virginia sources.

File Form 760PY, Part-Year Resident Return, if:

- You moved into Virginia during the taxable year and became either an actual or domiciliary resident; or
- You moved out of Virginia during the taxable year and became a domiciliary resident of another state, provided that you did not move back to Virginia within six months.
Note to Part-Year Residents: If you had Virginia source income during the taxable year while you were a nonresident, you may also be required to file Form 763, Nonresident Return. See Nonresidents, below.
Married Taxpayers: If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make such election, the resident spouse will file either Form 760 or Form 760PY, while the nonresident spouse will file Form 763, if applicable. However, if one spouse is a full-year resident and the other spouse is a part-year resident,
you may file a joint return using Form 760PY. See the Form 760PY instructions for additional information.

## Nonresidents

## File Form 763, Nonresident Return, if:

You had income from Virginia sources, other than interest from personal savings accounts, interest or dividends from an individual stock market investment, or pension payments from a Virginia payor.
Income from Virginia sources includes:

1. Items of income gain, loss and deductions attributable to: a) The ownership of any interest in real or tangible personal property in Virginia; b) A business trade, profession, or occupation carried on in Virginia; and c) Prizes paid by the Virginia Lottery and gambling winnings from wagers placed or paid at a location in Virginia.
2. Income from intangible personal property, including annuities, dividends, interest, royalties and gains from the disposition of intangible personal property employed by an individual in a business, trade, profession or occupation carried on in this state.

If you were a Virginia resident for part of the year and you also received Virginia source income during your period of residence outside Virginia, you must file Form 760PY and Form 763. The Virginia source income reported on Form 763 will be only the Virginia source income you received while a nonresident.

## Exceptions for Certain Nonresidents

An exception to the filing requirement for nonresidents applies to certain residents of Kentucky, the District of Columbia, Maryland, Pennsylvania, and West Virginia if their only Virginia source income is from salaries and wages. See below for qualifications. If residents of these states received other income from Virginia sources that is not specifically exempted, it must be reported as Virginia source income on Form 763, the Virginia Nonresident Return.

Kentucky and the District of Columbia: If you were a resident of Kentucky or the District of Columbia who commuted daily to work in Virginia, you are not required to file a Form 763 Nonresident Return, provided that 1) you had no actual place of abode in Virginia at any time during the taxable year, and 2) your only income from Virginia sources was salaries and wages, and 3) your salary and wages were subject to income taxation by Kentucky or the District of Columbia.
Maryland, Pennsylvania and West Virginia: If you were a resident of Maryland, Pennsylvania or West Virginia and you earned salaries and wages in Virginia,
you do not have to file a Form 763, Nonresident Return, provided that 1) your only income from Virginia sources was salaries and wages, and 2) you were present in Virginia for 183 days or less during the taxable year, and 3) your salaries and wages were subject to taxation by Maryland, Pennsylvania, or West Virginia.

Spouses of Military Personnel: Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, a spouse of a military servicemember may be exempt from Virginia income tax on wages if (i) the servicemember is present in Virginia in compliance with military orders; (ii) the spouse is present in Virginia solely to be with the servicemember; and (iii) they both maintain the same non-Virginia domicile state. More information is available in Tax Bulletin 09-10 and Tax Bulletin 10-1 available on the website at www.tax.virginia.gov.

Tax Withheld in Error by Employer: If Virginia tax was withheld from your income in error, you should file Form 763S to obtain a refund.

If you meet any of the exceptions above and had Virginia withholding, you may need to file Form 763S, Virginia Special Nonresident Claim For Individual Income Tax Withheld, to claim your refund.

Providing this information is optional. It is requested for taxpayer identification purposes as part of ongoing efforts to combat identity theft and fraud.
Locality Code: Use the list on Page 47 to look up the 3-digit code for the locality in which you lived on January 1, 2016. Enter the corresponding number in the boxes provided on Form 760. Local school funding is allocated based in part on this information.

## Filing Status

In most cases, your filing status will be the same as the one you selected on your federal return. Enter the applicable number to indicate your filing status.
1 = Single
2 = Joint
3 = Married filing separately
Fill in the Head of Household oval if you checked the Head of Household box on your federal return. For more information, go to the filing status section on the Departments's website: www.tax.virginia.gov.
If using Filing Status 3, enter the spouse's Social Security Number at the top of the form and the spouse's name on the line provided.
Same-sex couples that are married under the law of any state are recognized as married couples for Virginia income tax purposes. For more information, see Virginia Tax Bulletin 14-7 (Public Document 14$174,10 / 7 / 14)$.
If one spouse is a Virginia resident and the other is a nonresident, you may not file a joint Virginia return unless you both elect to determine your joint Virginia taxable income as if you were both Virginia residents. If the spouses do not make such election, the resident spouse must file a separate return (Form 760) using Filing Status 3. If the nonresident spouse has Virginia source income to report, he or she must file a separate return using Form 763. The spouses must compute their itemized deductions and allocate exemptions for
dependents as if they had filed separate federal returns. As a general rule, the spouse claiming an exemption for a dependent must be reporting at least half of the total federal adjusted gross income. In addition, each spouse must be able to support his or her claim of itemized deductions. If the underlying expenses for itemized deductions cannot be accounted for separately, each spouse must claim a proportionate share of the deductions based on his or her respective share of the joint federal adjusted gross income.

## Exemptions

Enter the number of exemptions allowed in the boxes.
Dependents: Generally, you may claim the same number of dependent exemptions allowed on your federal return. If using Filing Status 3, see the Filing Status instructions in the previous section for the rules on claiming dependents. You may never claim less than a whole exemption. The same dependent may not be claimed on separate returns.
Multiply the sum of exemptions claimed in the "You," "Spouse" and "Dependents" boxes by $\$ 930$.
65 or Older: To qualify for the additional personal exemption for age 65 or older, you must have been age 65 or older on or before January 1, 2016.
Blind: To qualify for the additional personal exemption for the blind, you must have been considered blind for federal income tax purposes.
Multiply the sum of exemptions claimed for "65 or older" and "Blind" by $\$ 800$.
Low-Income Individuals: You cannot claim the 65 or older or Blind exemptions if you also claimed a Credit for Low-Income Individuals on Line 24 of Form 760.
Exemption Amount: Add the dollar amount from Section A to the dollar amount from Section B. Enter this amount on Line 13.
Note for Filing Status 3: Each spouse must determine exemptions as if separate federal returns had been filed, using the federal rules for separate reporting. If dependent exemptions cannot be accounted for separately, they must be proportionately allocated between each spouse based on each spouse's income. One spouse may never claim less than a whole personal exemption.

## Dollar Amounts

All amounts entered on your return must be rounded to the nearest dollar. Amounts less than 50 cents should be rounded down while all amounts of 50
cents - 99 cents should be rounded up. Rounding to the nearest dollar improves accuracy and reduces processing time.

## Line 1. Federal Adjusted Gross Income

Enter the federal adjusted gross income from your federal return. If married filing separately (Filing Status 3 ), enter only the amount of income attributable to you. Be sure to use the federal adjusted gross income amount, NOT federal taxable income.

## Line 2. Additions

If you reported any additions on Schedule ADJ, enter the total amount from Line 3 of Schedule ADJ.
Line 3. Add Lines 1 and 2 and enter the total.

## Line 4. Age Deduction

Are you eligible to claim an age deduction? For the 2015 taxable year, taxpayers born on or before January 1, 1951, may qualify to claim an age deduction based on their birth date, filing status and income. A taxpayer who claims an age deduction may NOT claim a disability income subtraction, Credit for Low-Income Individuals, or Virginia earned income credit.
For married taxpayers, each eligible spouse may take either an age deduction or a disability income subtraction. Neither spouse may claim an age deduction if one spouse claimed a Credit for LowIncome Individuals or Virginia earned income credit, even if filing separate returns. Claim the deduction or subtraction that gives you the greatest tax benefit.
If you or your spouse are not claiming a disability subtraction or a credit for earned or low-income and your birth date is on or before January 1, 1951, read below.

## Taxpayers Age 65 and Older

If you or your spouse were born on or before January 1, 1951, you may qualify to claim an age deduction of up to $\$ 12,000$ each for 2015 . The age deduction you may claim depends on your birth date, filing status and income.

## If your birth date is:

- On or before January 1, 1939: You may claim an age deduction of $\$ 12,000$. If you are married, each spouse born on or before January 1, 1939, may claim a $\$ 12,000$ age deduction. For individuals born after January 1, 1939, the age deduction is based on the criteria below.

## Age 65 and Older Deduction Worksheet

To compute the age deduction, use the calculator at www.tax.virginia.gov or this worksheet.

- On or between January 2, 1939, and January 1, 1951: Your age deduction is based on your income. A taxpayer's income, for purposes of determining an income-based age deduction, is the taxpayer's adjusted federal adjusted gross income or "AFAGI." A taxpayer's AFAGI is the taxpayer's federal adjusted gross income, modified for any fixed date conformity adjustments and reduced by any taxable Social Security and Tier 1 Railroad Benefits.
For Filing Status 1, single taxpayers, the maximum allowable age deduction of $\$ 12,000$ is reduced $\$ 1$ for every $\$ 1$ the taxpayer's AFAGI exceeds $\$ 50,000$.

For all married taxpayers, whether filing jointly or separately, the maximum allowable age deduction of $\$ 12,000$ each is reduced $\$ 1$ for every $\$ 1$ the married taxpayers' joint AFAGI exceeds \$75,000.
All Married Taxpayers: A married taxpayer's incomebased age deduction is always determined using the married taxpayers' joint AFAGI. Regardless of whether filing jointly or separately, if you are married, your income-based age deduction is determined using the combined income of both spouses. If both spouses are claiming an income-based age deduction, regardless of whether filing jointly or separately, the married taxpayers must compute a joint age deduction first, then allocate half of the joint deduction to each spouse.

## Line 5. Social Security Act and Equivalent Tier 1 Railroad Retirement Act Benefits

Enter the amount of taxable social security and/or Tier
1 Railroad Retirement Act Benefits that you included in your federal adjusted gross income.
Do not include Tier 2 Railroad Retirement Benefits and Other Railroad Retirement and Railroad Unemployment Benefits. See instructions for Schedule ADJ to determine if these benefits can be included as other subtractions.

## Line 6. State Income Tax Refund or Overpayment Credit

Enter the amount of any state income tax refund or overpayment credit that you reported as income on your federal return.

## Line 7. Subtractions

If you reported any other subtractions on Virginia Schedule ADJ, enter the total amount from Line 7 of Schedule ADJ.
Line 8. Add Lines 4, 5, 6 and 7 and enter the total.

## Line 9. Virginia Adjusted Gross Income

Subtract Line 8 from Line 3 and enter the result. If the amount on Line 9 is less than the amount shown below for your filing status, your Virginia income tax is $\$ 0.00$ and you are entitled to a refund of any withholding or estimated tax paid. You must file a return to receive a
refund. To claim a refund in these cases, complete Lines 10 through 16 and enter " 0 " as your tax on Lines 17 and 19. Then complete Lines 20 through 38.

You are required to file a return if you are:
Single and your VAGI is $\$ 11,950$ or more
Married filing jointly and combined VAGI is $\$ 23,900$ or more
Married filing separately and your VAGI is \$11,950 or more

## ITEMIZED OR STANDARD DEDUCTIONS

You must claim the same type of deductions (standard or itemized) on your Virginia return as you claimed on your federal return. Your state and local income taxes must be subtracted from your itemized deductions. Property and other taxes included as deductions on your federal return are also allowed on your Virginia return. If one spouse claims itemized deductions, the other spouse must also claim itemized deductions. Do not compute Lines 10 and 11 if claiming the standard deduction. Skip to Line 12.

## Line 10. Itemized Deductions

You must claim itemized deductions on your Virginia return if you claimed itemized deductions on your federal return. If a joint federal return was filed and you are filing separate returns in Virginia (Filing Status 3 ), itemized deductions that cannot be accounted for separately must be allocated proportionately between spouses based on each spouse's share of the combined federal adjusted gross income.
Before making an entry on Form 760, Line 10, answer the following questions:
Do you have an addition (Schedule ADJ, Line 2a) or subtraction (Schedule ADJ, Line 6a) for Fixed Date Conformity?

_YES $\rightarrow$ Refer to Page 13 and follow the instructions on the FDC Worksheet and Itemized Deduction Worksheet to complete Form 760, Lines 10-11.
NO $\rightarrow$ Are your itemized deductions on your federal return limited?
OR $\left\{\begin{array}{l}\text { YES } \rightarrow \text { Refer to Page } 13 \text { and follow } \\ \text { the instructions on the Itemized } \\ \text { Deduction Worksheet to complete } \\ \text { Form 760, Lines 10-11. } \\ \text { NO } \rightarrow \text { Enter the total from federal } \\ \text { Schedule A on Form 760, Line 10. }\end{array}\right.$

## Line 11. State and Local Income Taxes claimed on Schedule A

Enter the state and local income tax from federal Schedule A.

## Line 12. Net Itemized Deductions or Standard Deductions

If claiming itemized deductions, subtract Line 11 from Line 10. Otherwise enter standard deduction.
Standard Deductions - If you claimed the standard deduction on your federal return, you must also claim the standard deduction on your Virginia return. Enter on Line 12 the amount listed below that corresponds with your filing status.

$$
\begin{array}{ll}
\text { Filing Status } 1 & \text { Enter } \$ 3,000 \\
\text { Filing Status } 2 & \text { Enter } \$ 6,000 \\
\text { Filing Status } 3 & \text { Enter } \$ 3,000
\end{array}
$$

Do not complete Lines 10 or 11 when claiming a standard deduction.

Dependent on Another's Return - If you can be claimed as a dependent on the federal return of another taxpayer, your standard deduction is limited to the amount of your earned income. Enter the smaller of the amount of earned income or the standard deduction amount on Line 12.

## Line 13. Exemptions

Enter the sum of the total dollar amount from Exemption Section A and the total dollar amount from Exemption Section B.

## Line 14. Deductions

Line 15. Add Lines 12, 13 and 14 and enter the total.

## Line 16. Virginia Taxable Income

Subtract Line 15 from Line 9.

## Line 17. Amount of Tax

To compute your tax, you can use either the tax table or the tax rate schedule on Page 37, or use the Tax Calculator on the Department's website.

## Line 18. Spouse Tax Adjustment (STA)

Couples filing jointly under Filing Status 2 may reduce their tax by up to $\$ 259$ with the STA if both have taxable income to report and their combined taxable income on Line 16 is more than $\$ 3,000$.
Use the STA Worksheet on Page 14 or the STA Calculator on the website at www.tax.virginia.gov to complete this line.
Enter the computed STA amount on Line 18 of Form 760. You must also enter the Virginia Adjusted Gross Income (VAGI) for your spouse.

Using the STA, couples filing joint returns will not pay higher taxes than if they had filed separate returns.
HOW IT WORKS: Virginia tax rates increase with income: $2 \%$ up to $\$ 3,000 ; 3 \%$ from $\$ 3,001$ to $\$ 5,000$; $5 \%$ from $\$ 5,001$ to $\$ 17,000$; and $5.75 \%$ for income over $\$ 17,000$. The STA lets both incomes reported on jointly filed returns benefit from the lower tax rates.
EXAMPLE: The Smiths have combined Virginia taxable income of $\$ 47,000$. One spouse's income is $\$ 35,000$ and the other spouse's income is $\$ 12,000$. Without the STA, their Virginia tax is $\$ 2,445$. With the STA, both spouses benefit from the lower tax rates.
Using the STA Calculator at www.tax.virginia.gov, the Smiths compute the STA of $\$ 220$, reducing their taxes to $\$ 2,225$.

## Line 19. Net Amount of Tax

Subtract Line 18 from Line 17 and enter the difference on Line 19.

## Line 20a.Virginia Tax Withheld During the 2015 Taxable Year

## Line 21. Estimated Payments for the 2015 Taxable Year

Generally, you are required to make payments of estimated income tax if your estimated Virginia tax liability exceeds your Virginia withholding and other tax credits by more than $\$ 150$. To make estimated payments, file Form 760ES or file online at www.tax.virginia.gov.
Enter the amount of tentative tax paid with your Form 760 IP or the amount paid if you made an extension payment on the Department's website.

You are eligible for the Virginia Earned Income Credit if you claimed an Earned Income Tax Credit on your federal return. You cannot claim both a Credit for LowIncome Individuals and a Virginia Earned Income Credit. Claim the credit that benefits you the most. Please complete the entire section.
Eligibility Requirements: The Credit for Low-Income Individuals or Virginia Earned Income Credit may NOT be claimed if you, your spouse, or any dependents claimed on your return or on your spouse's return claim any of the following:

- Age deduction
- Exemption for taxpayers who are blind or age 65 and over
- Virginia National Guard subtraction (Subtraction Code 28)
- Basic military pay subtraction (Subtraction Code 38)
- Federal \& state employee subtraction (Subtraction Code 39) OR
- You are claimed as a dependent on another taxpayer's return.
Line 10. Compute your Family VAGI: Enter your Social Security Number, name and Virginia adjusted gross income (VAGI) from Line 9, Form 760. For all married taxpayers, enter your spouse's Social Security Number and name, and then follow the instructions below for your filing status:
- Filing Status 2, Married Filing Jointly: If you entered the joint VAGI for both you and your spouse exactly as shown on Line 9, Form 760, of your joint return, you do not need to enter a separate VAGI for your spouse. If you entered only your portion of the VAGI from Line 9, Form 760, then enter your spouse's VAGI on your spouse's line. The sum of your VAGI and your spouse's VAGI should equal the joint VAGI amount shown on Line 9, Form 760.
- Filing Status 3, Married Filing Separately: To claim the credit, you are required to provide your spouse's VAGI. If your spouse is:
- Filing a separate Virginia Form 760, enter the VAGI on Line 9, Form 760, from your spouse's return. Only one spouse may claim the Credit for Low-Income Individuals.
- Not required to file Form 760 (for example, if your spouse is a nonresident), compute your spouse's VAGI as if your spouse is required to file Form 760 resident return and enter the amount on your spouse's line.
Enter the Social Security Number and name of each dependent claimed as an exemption on your return and, if any of your dependents had income, enter the VAGI for each dependent. For Filing Status 3, Married Filing Separately, also enter the Social Security Number and name for each of your dependents not claimed as an exemption on your return and, if any of the dependents had income, enter the VAGI for each dependent.
Add the VAGI amounts and enter the total. This is your family VAGI.
Line 11. Determine if you Qualify for the Credit for Low-Income Individuals: Enter the number of family members listed in Line 10. If your family VAGI on Line 10 is equal to or less than the federal poverty amount for your family size, you are eligible to claim the Credit for Low-Income Individuals.

| Eligible <br> Exemptions | Poverty <br> Guidelines | Eligible <br> Exemptions | Poverty <br> Guidelines |
| :---: | ---: | :---: | ---: |
| 1 | $\$ 11,770$ | 5 | $\$ 28,410$ |
| 2 | 15,930 | 6 | 32,570 |
| 3 | 20,090 | 7 | 36,730 |
| 4 | 24,250 | $8^{*}$ | 40,890 |

* For each additional person, spouse and dependent exemption, add $\$ 4,160$ to the Poverty Guidelines.

Line 14. Enter the amount of Earned Income Tax Credit claimed on your federal return. If you did not claim this credit on your federal return, enter $\$ 0$.
When a taxpayer using the married filing separately status computes the Virginia Earned Income Credit, the taxpayer must first determine his proportion of the earned income that was used to qualify for the federal Earned Income Tax Credit. That proportion must then be multiplied by the total Virginia Earned Income Credit, which is $20 \%$ of the federal Earned Income Tax Credit.

The spouses may then claim their proportional shares of the credit on their separate returns.
Line 15. Multiply the amount on Line 14 by $20 \%$ (.20).
Line 16. Enter the greater of Line 13 or Line 15.
Line 17. Compute Your Credit: Compare the amount entered on Line 16, Schedule ADJ, to your tax liability on Line 19, Form 760. Enter the smaller amount on Line 17, Schedule ADJ and on Line 24, Form 760.

> Many low-income individuals who work and have earned income under $\$ 53,267$ may also qualify for up to $\$ 6,242$ in Federal Earned Income Credit when filing their federal tax return! See your federal instructions or call 1-800-829-3676 to order Pub. 596.

## Addition to Tax, Penalty and Interest

Line 18. Addition to Tax: Use Form 760C to compute any addition to tax you may owe for underpayment of estimated taxes. Use Form 760F if at least 66 2/3\% of your income is derived from farming, fishing and/or being a merchant seaman.
You will not owe an addition to tax if each payment is made on time and:

- you owe $\$ 150$ or less in tax with your return.
- total withholding and timely estimated payments were at least 90\% (66 2/3\% for farmers, fishermen and merchant seamen) of your 2015 tax liability after nonrefundable credits or 100\% of your 2014 tax liability after nonrefundable credits.
- you meet one of the exceptions computed on Form 760C or Form 760F. Enclose Form 760C or 760F showing the computation.
If you do not meet the criteria shown above, visit www. tax.virginia.gov, or refer to Form 760C or Form 760F. If you need to complete Form 760C or 760F, enter the amount of the addition to tax on this line. Those who file Form 760C or Form 760F should fill in the oval and enclose a completed copy of Form 760C or Form 760F.
Line 19. Penalty: The due date for filing a calendar year return is May 1, and the automatic extension provisions apply to returns filed by November 1. Depending on when you file your return, you may be
required to compute an extension penalty or a late filing penalty. For more information on due dates and penalty provisions, refer to When to File Your Return on Page 3 of these instructions.
Extension penalty: If you file your return within 6 months after the due date and the amount of tax due with the return is more than $10 \%$ of your total tax liability, you must compute an extension penalty on the balance of tax due. The extension penalty is applied at the rate of $2 \%$ per month or part of a month, from the due date through the date your return is filed. The maximum extension penalty is $12 \%$ of the tax due. Note: If you do not pay the tax in full when you file your return, a late payment penalty will be assessed at the rate of $6 \%$ per month or part of a month from the date the return is filed through the date the tax is paid, to a maximum of $30 \%$. If you file your return during the extension period, but do not pay the tax due when you file your return, both the extension penalty and the late payment penalty may apply. The extension penalty will apply from the due date of the return through the date the return is filed and the late payment penalty will apply from the date the return is filed through the date of payment. To avoid paying the late payment penalty during the extension period, you must pay any tax owed when you file the return.
Late filing penalty: If you file your return more than 6 months after the due date, no extension provisions apply and you must compute a late filing penalty of $30 \%$ of the tax due with your return.
Line 20. Interest: If you filed a tax due return after the filing date, even if you had an extension, you are liable for interest on the tax due amount on Form 760, Line 29 , from the due date to the date filed or postmarked. If you do not pay in full when you file the return, you may be subject to additional penalties and interest. To obtain the daily interest factor, please call (804) 367-8031 or contact your locality.

## Instructions for Virginia Schedule OSC

## Credit for Tax Paid to Another State

Compute all credits for taxes paid to other states on Schedule OSC and enter the total credit claimed on Line 25 of Form 760.
Generally, Virginia will allow taxpayers filing resident individual income tax returns to claim credit for income tax paid as a nonresident to another state on earned or business income derived from sources outside Virginia or any gain (if included in federal adjusted gross income) on the sale of a capital asset outside Virginia, provided that the income is taxed by Virginia as well as the other state. If you are a resident of Virginia and the income is from Arizona, District of Columbia, California or Oregon, the credit will usually be allowed on the nonresident income tax return of the other state and should not be claimed on the Virginia resident return.
See Va. Code § 58.1-332 for more information on credits for taxes paid to other states.
Enclose a complete copy of Schedule OSC and all other states' returns with Form 760. The credit must be computed separately for each state. Schedule OSC
is available on the Department's website at www.tax. virginia.gov or by calling (804) 367-8031.
Border State Method You may qualify for a special computation if you are required to file a return with Virginia and only one other state provided that other state is Kentucky, Maryland, North Carolina or West Virginia. The income from the border state must consist solely of wages and salaries or business income from federal Schedule C, and your Virginia taxable income must be at least equal to the taxable income shown on the other state's return. If you meet all of these qualifications, fill in the border state oval and enter "100.0" in the Income Percentage field.

## Line 1. Filing Status

Enter the number listed below to identify the filing status claimed on the other state's tax return.

1. Single
2. Married Filing Jointly
3. Married Filing Separately
4. Unified (Composite Nonresident Return)
5. Other

## Line 2. Claiming Credit

Enter the number listed below to identify the person claiming the credit.

1. You
2. Spouse
3. You and Spouse

## Line 3. Qualifying Taxable Income

Enter the total taxable income from all of the following categories that apply to you to the extent that this income was taxed by the other state:

- Earned or business income derived from sources outside Virginia that is subject to tax by Virginia as well as another state;
- Gain from the sale of a principal residence outside Virginia that was included in your federal adjusted gross income;
- Gain from the sale of any capital asset not used in a trade or business; and
- Income on which corporation income tax was paid to another state (one that does not recognize the federal S Corporation election), by an individual shareholder of an $S$ Corporation. Enclose a statement from the $S$ Corporation.
In some states, the tax is computed on total taxable income (from all sources) and then reduced by an allocation percentage. In these cases, you must multiply the total taxable income shown on the other state's return by the allocation percentage to determine the amount of income to enter on this line.

Line 4. Virginia Taxable Income
Enter the amount of Virginia taxable income from Line 16 of Virginia Form 760. If you filed separately in the other state, but are filing jointly in Virginia, enter only the Virginia taxable income attributable to the filer whose income was taxed by the other state.

## Line 5. Qualifying Tax Liability

Enter the amount of tax liability reflected on the return you filed with the other state.

## Line 6. Identify the State

Enter the 2 character postal abbreviation for the other state.

## Line 7. Virginia Income Tax

Enter the amount of Virginia income tax from Line 19 of Virginia Form 760. If you filed separately in the other state, but are filing jointly in Virginia, enter the Virginia income tax due on the amount of Virginia Taxable Income reported on Line 16. Use the tax tables or the tax date schedule to determine the amount of tax.

## Line 8. Income Percentage

Divide the amount of Qualifying Taxable Income by the Virginia Taxable Income. Round the number to one decimal place. The income percentage cannot exceed 100\%.

## Line 9. Virginia Ratio

Multiply the amount of Virginia income tax by the income percentage.

## Line 10. Credit

Enter the lesser of qualifying tax liability or Virginia ratio. Enter the total credit claimed on Line 25 of Form 760. If claiming more than one credit, continue to Line 11 of Schedule OSC and enter the total of all credits for taxes paid to other states on Line 25 of Form 760.
Note: The sum of all nonrefundable credits claimed cannot exceed your tax liability as shown on Line 19 of Form 760. Nonrefundable credits include the Tax Credit for Low-Income Individuals and Credit for Tax Paid to Another State.

If your Virginia Adjusted Gross Income is less than the filing threshold, do not use the rate schedule or tax table below. Enter $\$ 0.00$ as your tax instead. See the instructions.

## TAX RATE SCHEDULE

## IF YOUR VIRGINIA TAXABLE INCOME IS:

Not over $\$ 3,000$, your tax is $2 \%$ of your Virginia taxable income.

| over- | but not <br> over- | your tax <br> is- | of excess <br> over- |
| :--- | :--- | :--- | :--- |
| $\$ 3,000$ | $\$ 5,000$ | $\$ 60+3 \%$ | $\$ 3,000$ |
| $\$ 5,000$ | $\$ 17,000$ | $\$ 120+5 \%$ | $\$ 5,000$ |
| $\$ 17,000$ |  | $\$ 720+5.75 \%$ | $\$ 17,000$ |

## Example

If your taxable income is $\$ 90,000$, your tax is $\$ 720+5.75 \%$ of the amount over $\$ 17,000$. This equals $\$ 720+(.0575 \times \$ 73,000)=\$ 720+\$ 4,197.50=\$ 4,917.50$ which should be rounded to $\$ 4,918$.

## TAX TABLE

The tax table can be used if your Virginia taxable income is listed in the table.
Otherwise, use the Tax Rate Schedule.
