What's New

Prepaid Wireless E-911 Fee. Effective beginning January 1, 2011. House Bill 754 and Senate Bill 441 impose a new prepaid wireless E-911 fee of \$0.50 on each retail purchase of prepaid wireless calling service. The fee is collected at the point of sale. Dealers are allowed to retain 5% of the Prepaid Wireless E-911 Fee collected as compensation if the return and payment of the fee is timely. The Dealer's Discount for administering the fee is computed on the worksheet. A new line (Line 11) has been added to the Retail Sales and Use Tax return to report the new Prepaid Wireless E-911 Fee by dealers making sales of prepaid wireless calling service. For more information, please see the Guidelines and Rules for the Prepaid Wireless E-911 Fee at www.tax.virginia.gov.

Important Food Tax Information

Fast Food Establishments/Restaurants. Food sold by a retail establishment, whose gross receipts derived from the sale of food for immediate consumption, constitutes more than 80% of the total gross receipts of the establishment is not eligible for the reduced rate. For purposes of determining the "80% rule", a retail establishment includes motor fuel sales in determining their total gross receipts.

Definition of Qualifying Food. Food for home consumption by humans, as defined under the Food Stamp Act of 1977, 7 U.S.C. § 2012, qualifies for the reduced sales tax rate. The definition includes most staple grocery food items and cold prepared foods packaged for home consumption. Specifically excluded from the definition of food for home consumption are alcoholic beverages, tobacco, and prepared hot foods sold for immediate consumption on and off the premises. The reduced sales and use tax rate does not apply to seeds and plants which produce food for human consumption. More information is provided in Tax Bulletin 05-7, Food Tax Rate Reduction, available on the website www.policylibrary.tax.virginia.gov/OTP/Policy.nsf
