### **General Instructions**

All Form ST-7 filers are required to file and pay electronically at www.tax.virginia.gov. This form is for use by businesses, including partnerships and sole proprietorships. Individuals not operating a business should file an annual consumer's use tax return, Form CU-7.

The use tax applies to the use, consumption or storage of tangible personal property in Virginia when the Virginia sales or use tax was not paid at the time of purchase. The use tax is computed on the cost price of the property, which is the total amount for which the property was purchased, including any services that are a part of the purchase, valued in money or otherwise, and includes any amount for which credit is given the purchaser or lessee by the seller. One-half of the charge for maintenance contracts that provide for both parts and labor is exempt.

File Form ST-6B only if the Local Use Tax reported on Form ST-7 is due to more than one locality. When this occurs enter "See Attached" in the box labeled "City or County of Use or Consumption" at the top of Form ST-7. If you are required to file Form ST-6B and reported use, consumption or storage of tangible personal property in any of the localities within the Northern Virginia, Hampton Roads, Central Virginia, or the Historic Triangle Regions, you must complete Form ST-6R, as well, and file it with your return. You must file Form ST-6S if you are reporting purchases in the counties listed above in Line 8a. See the ST-7A Worksheet for more information. File Form ST-7V with your payment. Retain the ST-7A Worksheet for your records.

# New Additional Local Option Tax Charlotte, Gloucester, Halifax, Henry, Northampton and Patrick Counties

There are several localities that have adopted an additional 1% local option sales and use tax. Changes were effective July 1, 2020 in Halifax County; April 1, 2021 in Henry County; and July 1, 2021 in Charlotte, Gloucester, Northampton and Patrick Counties. This tax is in addition to the one percent general local sales and use tax authorized under current law. The additional tax will not be levied on essential personal hygiene products or food purchased for human consumption that is taxed at a reduced rate. Refer to Form ST-6S to report taxable sales in these localities. More information is available on the website **www.tax.virginia.gov**.

Forms have been modified to reflect these changes. See Worksheet ST-7A for instructions.

## **Essential Personal Hygiene Products Tax**

Effective January 1, 2020, certain personal hygiene products qualify for reduced sales and use tax rate. The state retail sales and use tax rate on certain personal hygiene products is one and one-half percent. The one percent local sales and use tax rate is also applicable to these purchases. This results in a combined tax rate of two and one-half percent on essential personal hygiene products. Personal hygiene products subject to the reduced rate are exempt from the additional one percent sales and use tax in the Historic Triangle and the 0.7 percent tax in Northern Virginia, Central Virginia, and Hampton Roads.

Essential personal hygiene products are defined as: (i) nondurable incontinence products such as diapers, disposable undergarments, pads, and bed sheets and (ii) menstrual cups and pads, pantyliners, sanitary napkins, tampons, and other products used to absorb or contain menstrual flow. "Essential personal hygiene products" does not include any item that is otherwise exempt. More information is available on the website www.tax.virginia.gov.

## File Electronically

All business consumer's use taxpayers are required to file their Business Consumer's Use Tax Returns and make all payments electronically. If you are unable to file and pay electronically you may request a waiver. You can obtain the waiver request form at www.tax.virginia.gov or by calling (804) 367-8037.

## **Definition of Qualifying Food**

Food for home consumption by humans, as defined under the Food Stamp Act of 1977, 7 U.S.C. § 2012, qualifies for the reduced sales tax rate. The definition includes most staple grocery food items and cold prepared foods packaged for home consumption. Specifically excluded from the definition of food for home consumption are alcoholic beverages, tobacco and prepared hot foods sold for immediate consumption on and off the premises. The reduced sales and use tax rate does not apply to seeds and plants which produce food for human consumption. More information is provided in Tax Bulletin 05-7, Food Tax Rate Reduction, available on the website www.tax.virginia.gov/laws-rules-decisions/tax-bulletins/05-7.

Additional instructions are on the back of this sheet.
